

## INTRODUCTION TO DRIVER REHABILITATION

This two-day course is ideal for those new to the field of driver rehabilitation. The skills and knowledge needed to establish an adaptive driving program or become a new staff member for an established program will be discussed and shared. Topics of the course include: program development, behind the wheel training techniques, introduction to adaptive driving equipment and program documentation. Also discussed will be collaboration with mobility equipment dealers, family and medical team members.

**REGISTER ONLINE:** [www.aded.net](http://www.aded.net)  
**REGISTER BY PHONE:** (866) 672-9466

### TOPICS COVERED:

- The basic components of a driver clinical and behind the wheel assessment
- Resources for collaboration within the driver rehabilitation community
- Necessary and optional components for starting a driver rehabilitation program
- The roles of other professionals involved in independent and adapted mobility

**CANCELLATION POLICY:** Participant cancellations must be made in writing two weeks prior to seminar date. A \$50 handling fee will be charged.

ADED reserves the right to cancel seminars due to unforeseen / unavoidable circumstances at any time. Any tuition fees will be refunded in full. ADED is not responsible for nonrefundable airline and hotel reservations that a participant incurred due to seminar cancellation. ADED reserves the right to change a course date, location or instructor.

All complaints relative to the seminar content, instructor presentation, class facilities and registration procedures are to be directed to the ADED executive office: ADED, 200 First Avenue NW, Suite 505, Hickory, NC 28601.

## Introduction to Driver Rehabilitation

February 23-24, 2015  
8:00 a.m. – 5:00 p.m.

Hilton Daytona Beach  
Oceanfront Resort  
100 North Atlantic Avenue  
Daytona Beach, FL 32118

## SPEAKERS

### Leah Belle

OTR/L, CDI, CDRS

Leah Belle is an Occupational Therapist and Certified Driver Rehabilitation Specialist (CDRS). She has 27 years of rehabilitation experience, with 14 of those years in the field of Driver Rehabilitation. She is an active member of the Georgia / South Carolina Chapter of ADED and has served as Chapter President for several years. On an ADED national level, Leah served as a committee member developing the Fundamentals of Driver Rehabilitation Course and as a member of the Research and the Publications Committees. She is currently the chair of ADED's Education Committee. For the past 6 years, Leah has been involved in research concerning older drivers as a member of a collaborative team that includes Roger C. Peace Rehabilitation Hospital and Clemson University.

### Nathalie Drouin

OTR/L, CDI, DRS

An Occupational Therapist for 16 years, Nathalie Drouin brings a wide range of experience to the field including acute care, pediatrics and geriatrics. For the past 6 years, she has worked in an outpatient setting while gaining almost 3 years' experience in the area of Driver Rehabilitation. Roger C. Peace Rehabilitation Hospital and Clemson University have an established collaborative evidenced-based research effort in which Nathalie has been heavily involved in for the past 4 years. She is active with ADED nationally and has served as a committee member in developing the Fundamentals of Driver Rehabilitation course. Nathalie has presented twice at the ADED National Conference.
