Welcome to creating enterprise applications in the DETS system. This guide is meant to help users create and submit enterprise related applications such as a new enterprise application, adding a school or authorizing official to an existing enterprise, or adding a program to an existing school.

To begin all applications, you will need to create a DETS account. Each user of DETS needs their own DETS account and the following rules apply:

- You will need a valid email address. Your email address will be your user name.
- No two users may share the same email address.
- Do not share your user account information with anyone.

Follow these instructions to create your DETS account:
New Enterprise Application

New Enterprise Applications are for creating and submitting an application for new enterprises that are not currently licensed.

Once your DETS account has been created and you have logged in you should see a screen that looks like this:

Now you are ready to begin the application process.

1. Choose the top left blue button titled “New Enterprise Application”.

Now you are ready to begin the application process.
2. **Enterprise.** This is what the next screen should look like, you will need to fill out all of the questions with the red “*” next to them.

Note: Fields marked with * are required.

![Enterprise Form](image)

3. Once you have filled out this information and clicked next it will say your application has been saved to our system and will provide you with an application and pin number. Write this information down as you may need it if more than one person needs to sign off on the application from a different DETS account. **Please note, pin numbers are case sensitive.** Click “yes” to continue to the next page.
4. **Ownership.** The next page of the application will ask about the Ownership of your Enterprise. This is the person who owns and operates your business. Again, you will need to answer all questions marked with the red “*”. Once you have finished click “next” at the bottom of the page.

**Please note, at any time you can click back through tabs you have already finished if there is information you may have missed. Once you have completed a tab it will become highlighted in green with red lettering, like the Enterprise and Ownership tabs shown below.**
5. **Authorizing Official.** Please note that every enterprise must have at least one authorizing official. Like previous pages, fill out all of the questions marked with the red "*".

Fax: 

Email: *

Confirm Email: *

6. Once you have completed this section, click the “Add” button at the bottom of the page and it will populate your authorizing official back to the top (see the picture above for an example). You can add as many Authorizing Officials as you would like and may then move on by clicking the next button at the top, underneath your authorizing official(s).
7. **Financial Responsibility.** You will need to click on the Insurance and Bond and/or Escrow information tabs individually to fill out the information needed. The page will look like this:

* **Vehicle Insurance is required**

* **Bond/Escrow is required**  
  
  'Exempt' applies only if your enterprise is operated under the authority of the State of Ohio or a political subdivision (i.e. public school district, college).

Please note, the system will recognize what type of Financial Responsibility you are required to have based on your program selection in the Enterprise tab. If you are not required to carry a bond (political subdivision of the state of Ohio), then you may click “Exempt”.

![Insurance Information](image)

Like other tabs, you will need to fill out all sections marked with the red “*”. Once you have filled out your bond and/or escrow information and insurance information, click Next to continue.

![Vehicle Insurance](image)
8. **School.** Here is where you will add information about your classroom location, record storage, and school role (Training Manager, Chief Instructor, Adult Coordinator, or Course Manager), depending on your school type. Start by clicking the “Add School button”.

As with other pages you will need to fill out all questions marked with the red “*”. Once you have finished click the next button to move on.

The next page asks about your record storage. This is where you will store all paperwork or electronic records related to the enterprise, instructors, and student records. This could be at
your classroom location, the enterprise address (if different from your classroom), electronic storage methods, or in another location.

Once you have chosen your record location, click save and move on.

9. The next tabs are regarding your Training Manager, Adult Coordinator, Course Manager, or Chief Instructor. The only School Roles you fill out are the Roles that pertain to the program you have selected to teach at your school. If you have questions regarding school roles, please contact the Driver Training Program Office. You will need to fill out the fields marked with the red “*”, click “add” and then your entry will appear at the top of the page, as shown below.
10. Once you have added your appropriate School Role(s), click the “School List” button to return to the main “School” tab, then click “Next” to move on. It should show you the school information before you click next:

If you need to edit any information, click on the Actions tab to the right of the school information, it will create a drop down with “View/Edit” or “Delete” options.

11. **Attachments.** Here you will need to browse for and upload all documents needed to complete your application. If you have questions on what documents to upload, please visit the driver training website or contact the Driver Training Program Office.
   - a. Select the document type;
   - b. Browse for the document (read and follow directions on the screen for document restrictions);
   - c. Select the document from the desktop/file; and select upload.
12. **Payment.** Once you have finished uploading, click the Next button to move on to the Payment Page. Here is where you will select how you are paying your application fee. This can be done either by electronic check or check or money order.

Please select whether you will be paying by electronic check or by sending a check or money order.

- **Check or Money Order:** ○
- **Electronic Check:** ○

*(Electronic Check is not supported when using Internet Explorer on the Windows XP platform. Please upgrade Windows to a later version)*

If paying by electronic check, after clicking the submit button below, you will be asked to fill in information regarding your checking account. After submitting this information successfully, you will be directed to the final page, which will allow you to view a record of your actions and receipt for your payment.

13. If you choose electronic check, it will redirect you to a new page to enter in your account information when you hit continue. If you choose check or money order it will let you move on to the next page where you will receive a receipt. Print this receipt and mail it to the department with your check or money order.

**NOTE:**

From the post-mark date on the envelope, it is typically at least 7 business days before the Driver Training Manager receives the documentation for review and approval.
You will then need to click on “Back to Payment Summary”, and then “Next” to continue on to the next tab.

14. **Sign Off.** This tab is where you are certifying the information you have given is true to the best of your knowledge. You will need to click the “Sign Off” tab first.

I hereby certify I am the authorizing official of this driver training course enterprise and the information provided herein is true and complete. I have read, understand, am familiar with, and am responsible for knowing the provisions governing driver training schools and instruction as those provisions are set forth in the Ohio Revised Code and Ohio Administrative Code. I will abide by the laws, statutes, and rules set forth therein. I will take all reasonable steps to ensure the enterprise and its schools, instructors, and staff operates in compliance with the laws, statutes, and rules as they apply to this enterprise. I will take all reasonable steps to ensure the facilities, training programs, advertising, and solicitations for business, records, and contracts of the enterprise, its schools, instructors, and staff comply with the laws, statutes, and rules governing driver training course providers. I will ensure the enterprise and each of its schools maintains financial responsibility for the fulfillment of contracts and obligations to students trained in or by the enterprise. To all herein I so certify and attest with my signature below.

**Please note, only Authorizing Officials can sign off on enterprise application. The system will verify you are an Authorizing Official by your email address. The email address that is entered in the Authorizing Official tab must be the same email you log into DETS with in order to sign off on an application.**

Once you have signed off on the application, it will allow you to then click the “Submit” button to finish and submit your application to our office. Once you click submit it will take you back to the home page from the first part of this guide.

Your application will then be reviewed by our staff. If any changes are needed we will write them in the Admin Notes section of the application and mark the application as “Incomplete”. The Authorizing Official will then receive an automated email informing you the application is incomplete and to check the Admin Notes.
To do this you will need to log back in to DETS and reopen your application. It should look like this:

You will then need to click on the Actions button to the right of the application information. It will create a drop down menu with “View/Edit” and “Delete”. Once you have reentered the application, you will now see the Admin tab highlighted in green. Click on the Admin tab to review all notes from our office for corrections.

Once all your corrections have been made, return to the “Sign Off” tab and click Submit again. We will review your application and if everything has been completed, the information will be sent to our field staff for a site inspection.

Creating an Add program to existing location Application in DETS

Add program to existing location applications are for licensed schools who wish to apply to add another type of training to the licensed location.

1. The first step in this process is to log in to your DETS account. Follow this link to log in: https://services.dps.ohio.gov/DETS and then click on Already have an Account?

2. You will need to click on the “Create/View Applications” button to continue to the next page.
3. Once you have returned to the applications page, you will need to click on “Existing Enterprise Application”

4. Select your Enterprise and under Purpose, select “Add program to existing location” and then under “Program Type” choose the program you are adding (for this application example we will be adding Abbreviated Adult) and hit the “Next” button to continue.

5. On the next page choose “Yes” to save your application and continue to the next step.
6. **Financial Responsibility.** The first tab you come to will be the “Financial Responsibility” tab. Here you will need to make any adjustments to your insurance or bond/escrow amounts depending on the program you are adding.

To make any changes, click on the tab you need to edit and it will open a new window. If you have no changes, click the “Next” button to proceed.

7. **School.** The next tab is the school tab. Here you will need to start by clicking the “Actions” tab to create a drop down menu. From there you will need to click on “View/Edit” to proceed.

8. On the next page, under “Certifications” you will need to click inside the white box to create a drop down menu. Here you will choose the program you are adding to your school.
Once you have selected the program it should appear in the box like so:

![Screenshot of the program selection box]

As long as the program appears in the box, click “Next” to proceed.

9. On the next page you will choose the record storage location for the new program. Once you have made your selection click “Save” to continue.
10. Next, you will need to add information regarding the School Role, which depends on the type of program you are adding. (For this example application, we will be adding an Adult Coordinator). First you will need to fill out all fields marked with a red “*” and then click the “Add” button.

Once you have hit “Add” the page should look like this:

From here you can click “School List” to return to the “School” tab and proceed.
11. Once you have returned to the “School” tab you can click “Next” to proceed to the next step.

12. **Attachments.** On the “Attachments” tab, you will need to browse for and upload the documents you need to submit in relation to the application.
   
   a. Select the document type;
   
   b. Browse for the document (read and follow directions on the screen for document restrictions);
   
   c. Select the document from the desktop/file; and select upload.

Once you have finished uploading, click the “Next” button to continue.
13. **Payment.** The next page is the “Payment” screen. In some cases, there will be no fees associated with this application, so you will need to click “Next” to proceed.

There are no fees associated with this application.

14. **Sign Off.** Last, your Authorizing Official will need to sign off on the application. They will need to click the “SignOff” button.
Once that has been completed they will need to click “Submit” to submit the application to our office for review.

**If corrections are necessary, you will receive an automated email. Please go back to your application and go to the Admin tab to view the notes.**

Once your application has been reviewed and approved by our office, you will receive an automated email informing you.
